Lauris – I have concurred on the CAR (attached) and also attached the revised letter with the new due date. The letter is ready for your signature. Once you sign, I would be happy to transmit to the state contacts.

Thanks

Jeff: I went in and concurred on the CAR, and you can add your concurrence at the link below.

[Umatilla Letter Orange Folder](#)

Lauris: I changed the date to request reply by August 10th, which should allow time for receipt and any additional discussion the state may want in preparing their response.

The final letter, adjusted for pagination is ready for signature at the link below, unless you want Admin to do a final review of the HQ revision.

Hi folks –

Please see attached. I think we'll have to be more specific in our conversations with state agencies about our concerns on the data gap, as the "concern" we originally stated has been mostly stripped out of the HQ version.

Peter, can you take the lead on getting a clean version with a new appropriate date (not July 10) to me. I'll sign and get it out today if possible.

Chris,
Attached is a clean and redline version of the LUB GWMA letter that incorporates edits from this group. Edits are mostly reorganizing and streamlining so the redline is a little hard to follow. Please let us know if you have any questions. I hope you have an enjoyable holiday weekend.
Best,
Anna

Can someone let us know what is going on with this correspondence. Is it a go or no go?
